The screenshot shows the MySQL Workbench interface. The top navigation bar includes Local instance MySQL80, File, Edit, View, Query, Database, Server, Tools, Scripting, Help, and various toolbar icons. The main window has tabs for Navigator, SQL File 7*, and SQL Additions. The Navigator tab shows the schema 'crime_in_india' with its tables (crime, Views, Stored Procedures, Functions), and other schemas like 'crime_list_india'. The SQL File tab contains a script with several SELECT statements. The Results tab displays a grid of data from the 'crime' table, showing districts and their maximum DAGOITY values. The Output tab shows a log of actions with timestamps, some successful (green checkmark) and some failing (red X). The bottom status bar indicates 'Query Completed'.
